PROFILE

I am a highly passionate and hardworking individual with a strong desire to learn and grow in the field of web development. I approach my studies and projects with enthusiasm and a positive attitude, which helps me overcome challenges and achieve my goals.

Currently, I am learning frontend development along with Firebase for authentication and database management, and exploring Node.js and MongoDB for backend development. My dedication to mastering these technologies reflects my commitment to building a strong foundation as a full-stack developer. In addition to being a quick learner, I possess strong soft skills such as communication, teamwork, and problem-solving. I work effectively in collaborative environments, express my ideas clearly, and handle challenges with confidence and adaptability.

EDUCATION

Bachelor of Science in Computer Science and Engineering
BRAC University

Jan 2021 - Sep 2025

St Placid's School & College

Jan 2018 - Dec 2020

CO-CURRICULAR ACTIVITIES

Contributor

Laboratory of Space System Engineering & Technology - LaSSET, Dhaka, Bangladesh
Still learning.

Mar 2023 - Mar 2024

Junior Contributor of Mechanical Team

BRACU DICHARI, Dhaka, Dhaka, Bangladesh
I am still learning.

Sep 2022 - Dec 2023

Executive

Robotics Club of BRAC University, Dhaka, Bangladesh

As an ex-executive would have had extensive experience in strategic planning and would have been responsible for conducting market research and analyzing trends in the robotics industry to identify areas of opportunity for ROBU. They would have been adept at identifying the strengths, weaknesses, opportunities, and threats of the club and developing strategies to capitalize on opportunities and mitigate risks.

Apr 2021 - Mar 2023
